Increased Cost -- Ordinance or Law -- "We"
pay for the increased cost which results from the
enforcement of a code, ordinance, or law which
regulates the use, construction, repair, or
demolition of property or the removal of its debris
following a loss to covered property. The loss
must be caused by a peril that applies to the
damaged property.

However, "we" do not pay for:

1. any loss in value of property which results
from the enforcement of a code, ordinance,
or law; or
2. any loss, cost, or expense which results
from the enforcement of a code, ordinance,
or law requiring that any "insured" or others
test for, monitor, clean up, remove, contain,
treat, detoxify, neutralize, or in any way
respond to or assess the effects of
"pollutants".

The most "we" pay per occurrence is the "limit"
shown in this endorsement.
